To Whom It May Concern:

Having Thomas Dismukes speak at our 2008 Louisiana Personnel Council Annual Education and Training Conference was one of the best decisions our association has made. We were looking for a motivational and inspirational speaker to close out our conference and we hit the jackpot with Thomas!

Thomas utilized his true life stories to not only entertain but to communicate to the audience seven "superpowers" to help them achieve success in their professional and personal lives. His enthusiasm about his message was contagious and I believe people were truly impacted by what he had to say. The humor, honesty and participative activities held the audience's attention (all 300 of them) and provided for a professional as well as delightful atmosphere.

Some of the comments from the evaluation sheets include:

Excellent

I would recommend Thomas as a speaker for any professional group. I can assure you that your audience will leave smiling and inspired. Please contact me at [shannon.templet@la.gov](mailto:shannon.templet@la.gov) or 225-219-7867 should you have any further questions.
