To Whom It May Concern:

Thomas Dismukes was the featured speaker during this week's annual dinner sponsored by the Vidalia, LA, Chamber of Commerce, and he was a true hit!

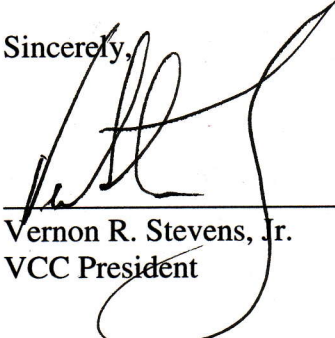

Bringing a very refreshing combination of true-life experiences and stories coupled with his message of inner strength, a positive attitude and a firm foundation in moral values and ethics, he was extremely entertaining **and** motivating.

In a most engaging, enthusiastic manner, he drew the audience into his program, as well as into his stories, eliciting laughter and amazement from all who attended. He was inspirational and encouraging, with a joyful spirit that left everyone feeling better about themselves and our community.

We would highly recommend Mr. Dismukes as a featured speaker to any organization, whether a church, civic or school group. It would not matter if the group was comprised of young people or senior citizens – or a combination of both – he would be equally as compelling and appreciated by young or old.

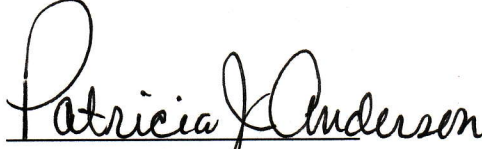

Please let us know should you have any questions whatsoever regarding this recommendation of Mr. Dismukes. We would be most pleased to talk to you.

Sincerely,

---

Vernon R. Stevens, Jr.  
VCC President
